Mrs. Bushman told the Board about the NAPA receipts. She said Mr. Gavel had reached out to Mr. Fogg not the other way round. The drivers discussed the manager with the Board. Mrs. Bushman said Mr. Fogg had never given any promises to the drivers. Mr. Ouellette said the drivers aren't supposed to report to Board members. They are supposed to report to Administration. Mr. Fogg said he had requested that the drivers be put on the agenda a few times and it never happened. Mrs. Bushman asked for honesty. She said Mrs. Stiles wanted to move forward and not discuss the past and the bad stuff. The Board discussed driver training. Mr. Gavel gave Mr. O'Neill a phone number for a trainer.

Mrs. Robbins explained the chain of command. The Board has one employee and that's the Superintendent. She explained that the Board is sometimes called on to be judge and jury so they are not supposed to know any insider knowledge.

The drivers left the room and the Board discussed the agreement with the co-managers.

Mrs. Kebler said there were no applications for BA. Mr. O'Neill will work 18 hours a week plus Board meetings.
