Greetings from Second Grade!

We have been hard at work learning a lot of new things!

In reading we have been learning about who Helen Keller was. She was blind and deaf, but she persevered through many obstacles and was successful with the help of her teacher, Annie Sullivan! Helen was able to attend college, she wrote books about her life, traveled the world, and met many important people including 3 presidents! Helen taught us to appreciate our sight and hearing and to never give up when things are challenging.

In writing, we learned that adjectives and adverbs can help us describe things and to expand sentences with details. This will help us as we begin our Poetry unit! We will be reading and hearing all types of poetry and we will learn how to write our own poems! Did you know that poems can be songs without the music?

In math, we have been learning about money! We can identify coins and bills and tell you their values! We can also add coins and bills together. We have

had fun buying things in our classroom store and even made change!

Our Balance and Motion unit in science has been great fun! We balanced our pencils on their tips, made tops, zoomers, and mobiles! We learned that to balance something on its balancing point, it needs to have weight evenly distributed and sometimes use counterweights!

We look forward to the many activities and learning opportunities that Spring brings!  
Have a wonderful weekend!

Yours Truly,  
Second Grade Students

## **Dates To Remember**

**Thursday March 30** Talent Show 3:30-7:30

**Sunday April 1** PTA Easter Breakfast 9:00am-1:30

**Friday April 7** Grades Close

Please come out on Tuesday March 28th and vote  
yes on Article #8

This Multigenerational Community Center is not  
just for the kids but for the whole  
community.

If you have any questions please call The Rec at  
603-522-9977

**Summer Camp Assistance:**

The New Hampshire Department of Education is partnering with New Hampshire camps and school-age summer programs across the state to offer students the unique opportunity to move beyond COVID-19 and be a kid again. Students of all ages, backgrounds and abilities benefit from exposure to short-term summer enrichment programs, including in the areas of challenge, friend-making, positivity, and emotional safety. There are 97 different camps in New Hampshire that are part of the program, both overnight and day camps. Details regarding eligibility for assistance and participating camps in our communities can be found here:
