

FIRE/EMERGENCY DRILLS

The principal(s) will schedule a minimum of 10 drills during the school year. At least 4 drills should be scheduled prior to October 31. Two of the ten drills may be drills other than evacuation drills such as lock downs or shelter in place. There shall be at least 1 drill scheduled during summer sessions. If summer school is greater than five weeks in duration, a second drill should be scheduled. Each drill should be documented and copies kept at the school and forwarded to the SAU office.

The purpose of a drill is to train students under staff direction to transition safely, quickly, and quietly into the specified emergency plan protocol.
