

## EMPLOYEE USE OF CELLULAR TELEPHONES

The board recognizes that the use of cellular telephones and other electronic communication devices may be appropriate to help ensure the safety and security of district property, students, staff, and others while on district property or engaged in district-sponsored activities.

District-owned cellular telephones and other devices will be used for authorized district business purposes, consistent with the district's mission and goals. Personal use of such equipment is prohibited except in emergency situations. Any expenses incurred for such personal use shall be reimbursed to the district.

Use of cellular telephones and other electronic communication devices in violation of board policies, administrative regulations, and/or state/federal laws will result in discipline up to and including dismissal and referral to law enforcement officials, as appropriate.

The superintendent is directed to develop administrative regulations for the implementation of this policy, including a uniform and controlled system for identifying employee cell phone needs, monitoring use, and reimbursement. Provisions may also be included for staff use of privately owned cellular telephones and other devices for authorized district business.

District employees are prohibited from using cell phones or other electronic communication devices while driving or otherwise operating district-owned motor vehicles.
